

BioMarin Announces 14 Presentations at 15th Annual WORLDSymposium™ 2019

Presentations to Highlight Results from Studies for the Treatment of Three Forms of MPS and CLN2 Disease, a Form of Batten Disease

SAN RAFAEL, Calif., Feb. 4, 2019 /PRNewswire/ -- BioMarin Pharmaceutical Inc. (NASDAQ: BMRN) announced today that the company will present data in four platform and 10 poster presentations at the 15th Annual WORLDSymposium™ being held February 4-8, 2019 in Orlando, Florida.

"We look forward to the *WORLD Symposium* every year as it is an unprecedented forum to share and discuss pioneering research for the rare disease community," said Hank Fuchs, M.D., President of Worldwide Research and Development at BioMarin. "In addition to exploring new potential therapies in areas of great unmet medical need, we also continue to examine our treatments long after they have been approved by regulatory authorities. We look forward to sharing our findings."
